E-Series Windows and Doors

Design without BOUNDARIES.

*EVERYONE DESIGNS DIFFERENTLY. EVERY PROJECT HAS DIFFERENT NEEDS.
THAT'S WHY ANDERSEN BRINGS YOU THE HIGHEST LEVEL OF CAPABILITIES
AND OPTIONS TO MEET YOUR DESIGN CRITERIA.*

MATERIALS YOU WANT

Whether it's aluminum-clad, vinyl-clad, composite material, vinyl or wood, Andersen® windows and doors utilize a variety of construction materials to fit virtually any application. Many of our products feature components made of our patented Fibrex® composite material. An Andersen innovation, it's composed of 40 percent reclaimed wood fiber by weight, most of which is created during the manufacture of Andersen® wood windows.

GLASS YOU REQUIRE

Andersen provides glass options to meet your energy efficiency requirements in all areas of the country. For special applications, we also offer passive solar glass, monolithic impact-resistant glass, plus High-Performance™ impact-resistant glass, which provides the benefits of monolithic impact-resistant glass plus the thermal protection of our High-Performance™ Low-E glass.

CUSTOM CAPABILITIES YOU NEED

Andersen offers custom-sizing and custom grille capabilities to create what you have in mind, or to match existing architecture. With aluminum-clad E-Series windows and doors, you can even specify custom colors, wood species and finishes, giving you an unlimited palette. Decorative art glass panels are also available in custom colors to match or complement your color scheme.

THE DEPTH OF THE ANDERSEN ENTERPRISE

No one is more committed to providing the product and design solutions you need than Andersen. Through expansion of the Andersen®-branded product lines and acquisition of others, we now offer:

A-SERIES COMPOSITE-CLAD WINDOWS AND DOORS

Using the best material for each component of the window, this product line delivers the ultimate in performance and uncompromising aesthetics.

E-SERIES ALUMINUM-CLAD WINDOWS AND DOORS

Custom crafted for infinite design possibilities.

400 SERIES VINYL-CLAD WINDOWS AND DOORS

The time-tested standard for performance, beauty and low maintenance.

200 SERIES VINYL-CLAD WINDOWS AND DOORS

Provides Andersen quality at an uncommon value.

100 SERIES COMPOSITE WINDOWS AND DOORS

Colorful, durable, environmentally responsible and exceptionally affordable.

SILVER LINE® VINYL WINDOWS AND DOORS

Clean, simple design and energy performance when cost is the primary concern.

At your *SERVICE.*

ANDERSEN PROVIDES THE QUICK, EASY ACCESS YOU NEED TO INDUSTRY-LEADING DESIGN TOOLS PLUS A DEDICATED TEAM OF ARCHITECTURAL PROFESSIONALS.

ANDERSEN® CAD/BIM TOOLS

Andersen is committed to offering best-in-class CAD/BIM tools. Whether it's 2D architectural detail files or Revit models, our design tools allow you to create all that you envision. Our content finds the right balance between design flexibility and intuitive navigation to allow for the best user experience; putting the right detail, in the right place, at the right time. Visit andersenwindows.com/bim.

DESIGN PRESSURE ESTIMATORS

Allows you to estimate design pressure after you enter the required building information, wind speed, governing regulation and window opening sizes. Visit andersenwindows.com/commercial or EagleWindow.com/wintelligence.

ANDERSEN® PRODUCT APPLICATION TEAM

Andersen has architects on staff for direct assistance regarding our windows and doors.

Whether you need to hit a specific structural or sound control specification, want configuration suggestions, shop drawings or more, we have the resources to work directly with you. Contact us at 1-800-299-9029, or via email at architecturalservices@andersenwindows.com.

ANDERSEN® PRODUCT SPECIFICATIONS

Available in the CSI MANU-SPEC 3 part guide specification format. Download in PDF or Word format. Visit andersenwindows.com/commercial.

E-SERIES PRODUCT SPECIFICATION TOOLS

Product specs in 3-part CSI specifications format are available from Arcat as a document covering every product. Or use Arcat's "SpecWizard," a question-driven tool that will write the specifications only for the products and options you select for the project. Available in Word, WP, and RTF formats. Visit EagleWindow.com/wintelligence.

OUR COMMITMENT TO RESPONSIBLY MANAGED RESOURCES, THE ENVIRONMENT AND YOU.

Respect for the environment is nothing new at Andersen.

For more than a century, it's been part of who we are. Our practice of recycling and reclaiming materials began simply because it was good business. Now it's part of our effort to promote sustainability and responsible stewardship of all resources. At Andersen, we believe in providing you with innovative, long-lasting, energy-efficient windows and doors while supporting the following environmental goals:

- Increase return on embodied energy
- Minimize pollution at the source
- Conserve natural resources through reduction, reuse and recycling of materials
- Promote energy conservation
- Develop long-lasting products that have a minimal adverse effect on the environment
- Continuously improve our environmental performance
