

Beautifully **Strong** and **Secure**

Dear Home Owner,

Your home makes a statement about you. You value the time you spend there. You get recharged and make memories there. An entrance designed by Midwest Iron Doors says, "Welcome home. We've been expecting you." You feel safe behind these doors.

We know you will be exceedingly satisfied with the quality, performance, and craftsmanship of Midwest Iron Doors. They incorporate patented energy-saving technology that adds years to the life of your entryway. Choose from one of our standard models or you may want to design something completely unique for your home. Either way, our team will take care of everything. Your satisfaction is our highest priority.

Warm Regards,

A handwritten signature in black ink that reads "Ryan Steele". The signature is fluid and cursive, with a long horizontal stroke at the end.

CUSTOM SOLUTIONS FITTED TO YOUR UNIQUE STYLE

We Take Your Vision and Make It Art

Our designers are some of the very best. We listen and strive to understand your vision and unlock your ideas. With infinite design and size options, from start to finish, we'll work with you at a level that is comfortable for you. It is our goal to make your home genuinely reflect your unique style and personality.

CUSTOM IRON DOORS

Absolutely Unique

Easy Cleaning Option

Our custom doors have the option of operable scroll work. Scroll work swings away easily on durable 3/4" welded barrel hinges for easy glass cleaning and secures with decorative latches for a finished look.

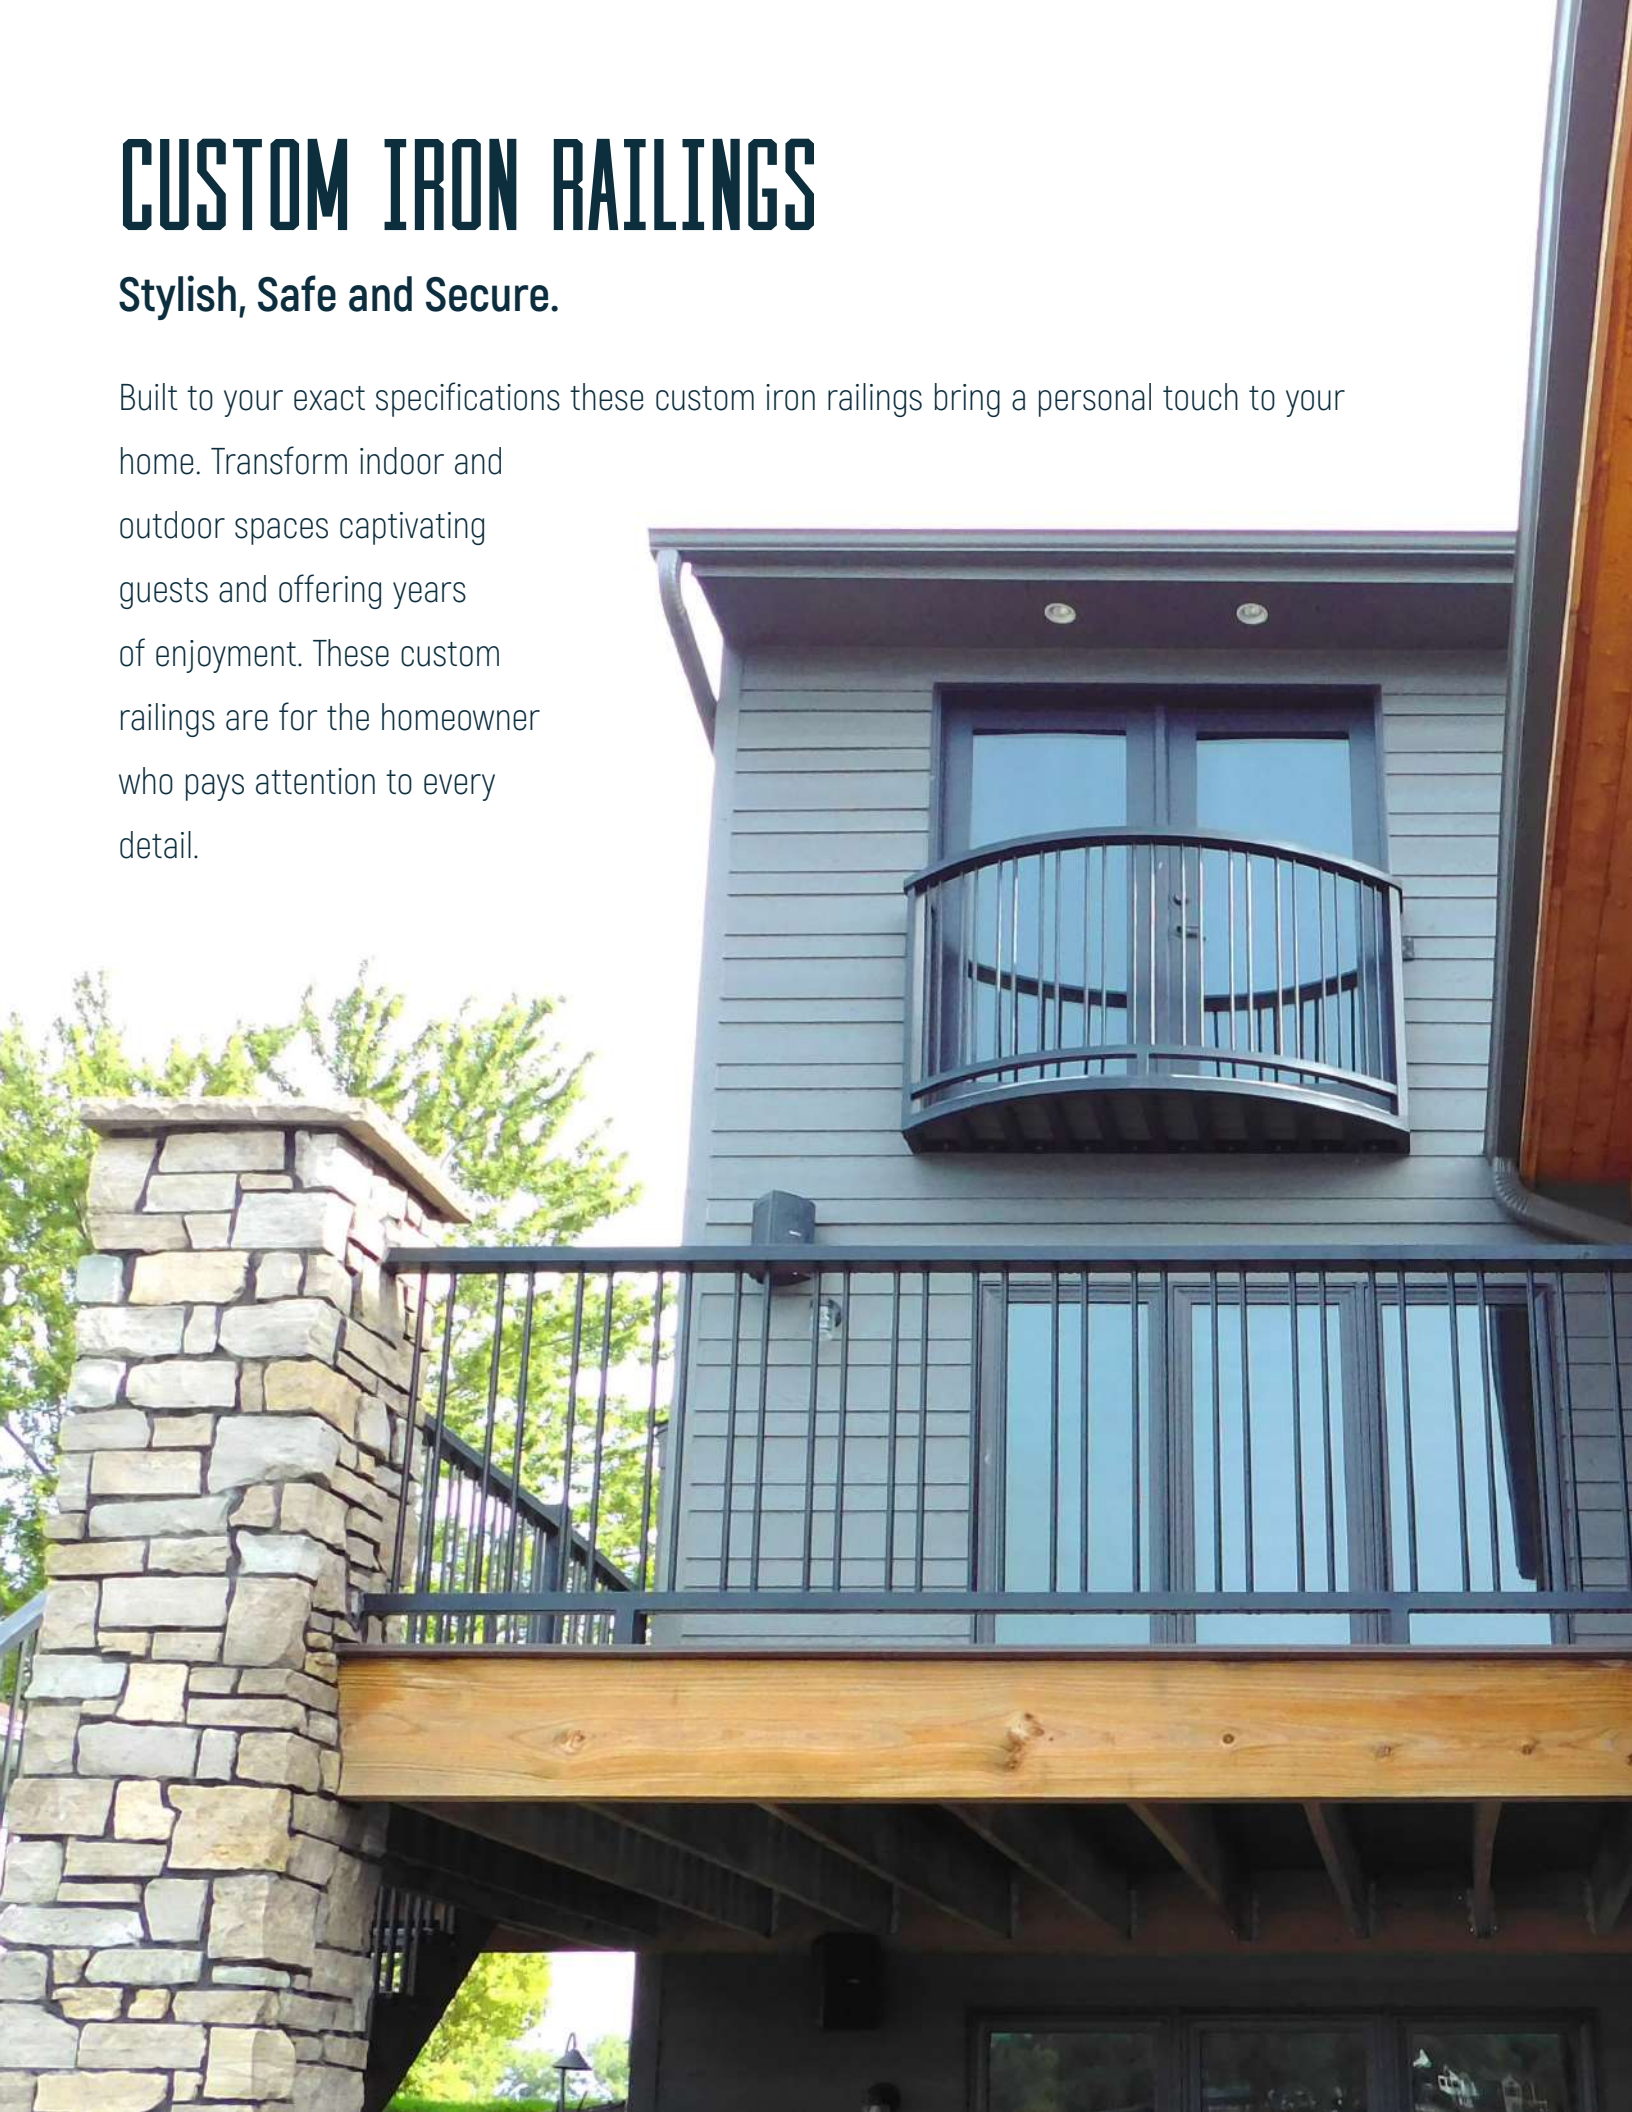

CUSTOM IRON RAILINGS

Stylish, Safe and Secure.

Built to your exact specifications these custom iron railings bring a personal touch to your home. Transform indoor and outdoor spaces captivating guests and offering years of enjoyment. These custom railings are for the homeowner who pays attention to every detail.

DOOR SPECIFICATIONS

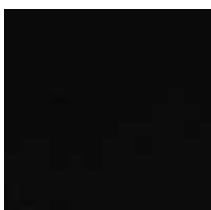

Midwest Iron Doors maintains inventory of all design series doors. We stock 64" and 72" wide double doors. Our stock single doors are 42" wide. All stock doors are 8' in height. Interior and exterior portions of the door panel and frame are constructed of 14-gauge steel. All scroll work is constructed of 5/8" or 1/2" solid steel bar.

Our doors go through numerous steps, including a zinc spray treatment, to create one of the industry's most durable finishes. To further enhance the unique beauty and look of our doors, we apply a final faux finish by hand.

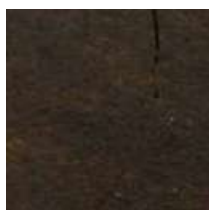

Finish Options

Antique Bronze

Black

Hand-Rubbed Bronze

Silver Patina

Glass Options

Cotswold Glass

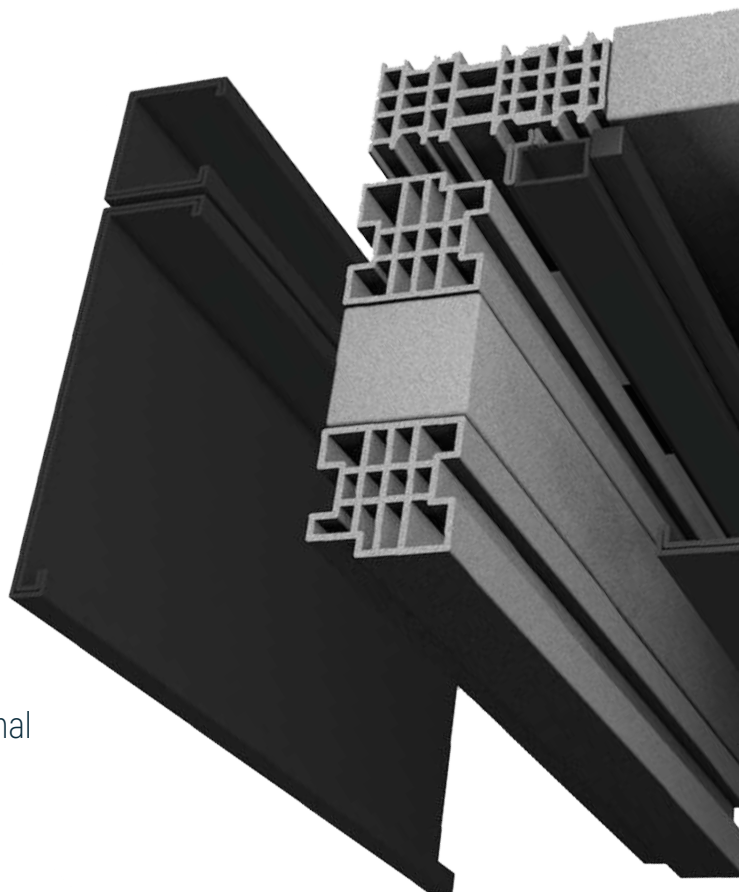

Flemish Glass

PATENTED THERMAL BREAK

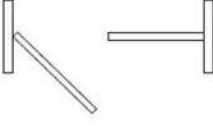

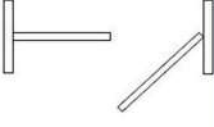

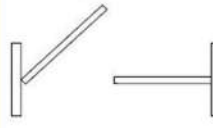

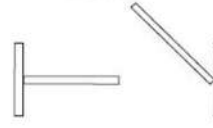

Beat the Heat...and the Cold

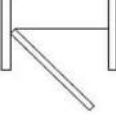

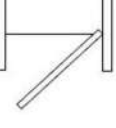

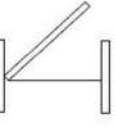

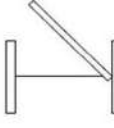

All of our thermally broken doors are constructed using our patented thermal break technology to allow for optimal performance in hot and cold weather climates.

Doors Without Thermal Break

Midwest Iron Doors offers doors without a thermal break for warm climates or wine cellar applications. These doors go through the same processes as our thermally broken line. Doors without thermal break are constructed out of 2" by 6" tube steel and injected with closed-cell polyurethane foam.
