A SOLID FOUNDATION TO BUILD ON

When Edward Lee Schield designed his first window in 1955, he set into motion a company built around an inventive spirit. His enthusiasm for innovation defines Weather Shield to this day. After more than 60 years and 33 patents, Weather Shield remains faithfully focused on creating something better and purposeful.

Our quest to bring you the latest and greatest products is firmly grounded in serving the needs of our customers. We're still a familyowned business that believes in listening closely to the people who specify, buy and install our windows and doors. Their input is critical as we strive to improve and perfect every aspect of product design and performance.

Our Signature Series products honor our founder's vision while featuring the classic aesthetics and materials that embody Weather Shield's dedication to

quality. With innovative design and an emphasis on energy efficiency, our Signature collection is exactly that our signature.

5 REASONS TO CONSIDER WEATHER SHIELD

With hundreds of window and door manufacturers to choose from, it can be difficult to distinguish one company from another. We thought it might be helpful to share a few of the things that set Weather Shield apart from the rest.

Continuous Innovation

At Weather Shield, we never stop searching for ways to improve both our products and our processes. The goal of discovering new and innovative solutions has always been part of our DNA. That's why we have our own dedicated Research and Development Center and one of the largest onsite test lab in the industry. Not a day goes by when we aren't working on building a better product.

Best-In-Class Warranty

At Weather Shield, we do more than talk about our dedication to craftsmanship and quality materials. We back our products with a warranty against defects in material or workmanship for a period of 20 years, and against wood rot on all clad products for 30 years*. So you can be confident you're getting an outstanding product from a trustworthy company.

Design Flexibility

When you design with Weather Shield, you have options. Our casements alone allow you to create more than 6,000,000 different configurations.

Choose from an impressive array of wood interiors and finishes, along with a myriad of exterior colors. We also offer some of the industry's largest expanses of glass for framing spectacular views. Whatever the style, whatever the size, nobody gives you more choices than Weather Shield.

Energy Efficiency Without Sacrifice

Through our innovative use of materials and design, we're able to offer industrial strength efficiency with refined appearance. We're very deliberate in our use of energy efficient materials to drive performance where it matters most. We're proud to offer an extensive number of beautifully designed ENERGY STAR® rated products.

Family Owned and Operated

For more than 60 years, Weather Shield has remained a family-owned and operated company. That allows us the freedom to take a long-term perspective and keep our focus on serving customer needs rather than a singular focus of achieving quarterly financial targets.

As we've grown to become a respected national brand, we've seen technology and materials evolve. But our core values have never changed. Today, we remain dedicated to building long-term relationships and crafting innovative products that meet the needs of our customers.

MODERN AESTHETIC, CLASSIC DESIGN

Our Signature Series double hung windows offer the best of all worlds — modern style, versatile operation, and cost-effective luxury. Maximize ventilation in your home and enjoy easy cleaning with a design that features slim lines and large glass profiles.

High Quality Exteriors

Our aluminum exterior-clad wood products feature **commercial-grade premium AAMA 2605 paint** that resists fading and chalking. Extruded aluminum resists dents, dings and scratches and is backed by Weather Shield's 20-year limited warranty.

• Butt jointed cladding accurately mimics traditional wood windows for a familiar aesthetic.

The Beauty is in the Details

The **rigid integral nailing fin** makes installation simple and provides more durability than flimsy snap-in or fold-out fins found with other windows.

CASEMENT WINDOWS

WINDOWS SHOWN:

Configuration: Casement Exterior Color: White Interior Finish: Prefinished White on Pine Features: 7/8" Simulated Divided Lite

DESIGNED WITH ELEGANCE

Casement windows are the perfect solution for bringing fresh air and ventilation into difficult-to-reach areas of your home. The unique design utilizes a side-hinge, allowing the sash to open with the simple turn of a hand crank. Combined with our wide array of popular design options, it's easy to see why these windows are part of our signature.

High Quality Exteriors

Our aluminum exterior-clad wood products feature **commercial-grade premium AAMA 2605 paint** that resists fading and chalking. Extruded aluminum resists dents, dings and scratches and is backed by Weather Shield's 20-year limited warranty.

Lasting Design

Integral nailing fins increase stability and help seal the unit to the structure, providing superior performance and durability.

AESTHETICS AND AIRFLOW

With their classic appeal and unbeatable functionality, awning windows are perfect for creating the look you want while granting you ultimate design control. Choose from a wide array of interior and exterior finishes to design your dream windows without compromise.

Low Maintenance Exterior The aluminum-clad exterior **stands up to years of exposure** in the harshest environments.

All-Weather Ventilation Our awning windows give you greater control over airflow.

T

PANORAMIC BEAUTY

Frame your world with our Signature Series slider window. The expansive configurations capture a wide-angle view of the great outdoors, while the design conserves space with sleek subtlety. The slider window also easily glides open — keeping the outside world at your fingertips.

Customizable Combinations

Personalize your space by choosing from numerous options, completely tailored to your tastes and needs. Slider windows can be structured with end vents, in double or triple configurations, to achieve any desired goal — like letting in more natural light and fresh air to ensure you feel perfectly at home.

END VENT

SHAPE YOUR WORLD

Build character into your home with specialty shapes from our line of direct set windows. In this unique construction, glass panes are glazed directly into the frame, inviting in more daylight and enhancing your freedom to experiment with shape, style and size. Choose from graceful arches, dramatic angles and bold geometry to create your ideal aesthetic.

Creativity Knows No Bounds Contemporary sleek design provides abundant light in any room, as the glass is directly glazed into the frames of our specialty shape windows.

OPEN YOUR HOME TO NATURE, IN STYLE

Experience the indoor-outdoor lifestyle of your dreams with our sliding patio door. The streamlined design saves space and creates a graceful transition between your home and outdoor living areas. With an abundance of natural light and fresh air, it's the perfect way to embrace the outdoors — without sacrificing comfort and style.

Design With Style

Signature Series sliding patio doors are available with up to four panels and can be combined with sidelites or transoms for added elegance and drama.

A TIMELESS STATEMENT PIECE

Make your grand entrance with the Signature Series hinged patio door. Clean architectural lines and classic French operation contribute to the traditional design and welcome in an abundance of daylight. Multiple sizes and optional direct-set combinations make the possibilities endless.

CENTER HINGED DOOR

Keep Your Options Open

These doors are available in **one-wide or two-wide French door configurations**, as well as center-hinged options. Inswing or outswing door operations can accommodate any room arrangement, so the design of your home maximizes your space perfectly.

FINISH AND HARDWARE OPTIONS

Performance, quality and innovation are driving factors in everything we do, but we also believe in the importance of giving you all the style and aesthetic options you need to bring your dream home to life. Our Signature Series offers three wood species and a range of ten durable factory finishes — luxurious options at an affordable price point so your home can leave its mark on the neighborhood and not your wallet.

HARDWARE DESIGNED TO IMPRESS

Our hardware options are the perfect finishing touch to any door or window. Complement and enhance the style of any space with our curated line of finishes and designs.

Window Hardware Finishes

Finish First

Window hardware finishes are available in an array of colors and textures to suit any user's tastes. Options range from ultra modern brushed nickel to sleek black, allowing you to achieve any desired look.

INNOVATIVE DESIGNS, CLASSIC APPEAL

Whether complementing the design of your home or elevating the view, our wide array of glass and grille offerings brings your distinctive vision to life without sacrificing energy efficiency. Choose among innovative energy-saving options and enjoy a lifetime of reduced energy bills.

The Perfect Grille

Personalize your home with windows featuring a selection of bar widths and profiles, as well as traditional grille patterns and custom designs. For even greater **creativity and design** flexibility, most grilles can be manufactured from Weather Shield's custom wood interiors.

Custom Grille Pattern Options

ORIEL

A Variety of Options

Choose from a selection of grille patterns and custom designs to achieve the perfect look from your home. We offer a **variety of bar widths and profiles**, and most grilles can be further personalized with Weather Shield's custom wood interiors.

Putty Exterior Aluminum Profile

Powerful Design in a Look You Love Simulated Divided Lite (SDL) grilles blend cutting-edge modern efficiency with timeless aesthetics. These grilles replicate the appearance of classic single-pane windows, but pack powerful insulation in the form of exterior and interior grille bars, with or without an aluminum spacer bar for maximum efficiency.

Framed With You in Mind

Our concealed pin system allows the **perimeter grille frame** to snap securely in and out of place. As a result, the interior grille frame is effortlessly removed for easier cleaning.

A Clear Perspective

Our **airspace grilles** seal sculpted or flat aluminum grille bars between two panes of glass so your windows are a breeze to clean and maintain — without compromising quality or aesthetics.

11/16" SCULPTURED

REFLECTIONS OF QUALITY

From specialty glass to high-end glazing, our windows are truly a cut above the rest. Add color and texture options to the glass in your home while enjoying the energy efficiency and quality for which we're known best.

Gold Standard

Weather Shield Signature Series products are certified and labeled according to the highest standards, set by the Window and Door Manufacturers Association (WDMA)/National Fenestration Ratings Council Certification (NFRC) Program. All WDMA/NFRC certified products must pass performance tests conducted by an independent lab for resistance to air leakage, water penetration and wind pressures.

Specialty Glass Options

Add color or texture — or privacy and modesty — to your palette of design options. Special finishes and tint can give a project distinction. Specialty glasses includes bronze, gray, rain and obscure.

BRONZE

OBSCURE GLASS

High Quality Glaze

Maximize your windows' energy efficiency with the exclusive **Zo-e-shield® glazing system**. With powerful layers of Low-E coating and inert gas-filled insulating airspace, our glazing options represent the ultimate in energy efficiency for any climate.

Glazing Options

Insulated Low-E

All Climate

- Minimizes the sun's heat and damaging UV rays in warmer months
- Reflects the sun's heat back into room during cooler months

Zo-e-shield 5 Plus Laminated Interior

- Best resistance available to the sun's heat
- Minimizes glare and visible light transmittance
- Superior sound control and UV protection

Zo-e-shield 5

Ultimate Solar Control

- Strong resistance to the sun's glaring heat
- Excellent insulating value.
- Excellent protection against damaging UV rays
- Maintains great clarity

Zo-e-shield 🔽

Triple Glazed with 5 Coats of Low-E

- Controls glare and blocks the sun's heat in warmer months
- Excellent for use in southern climate regions

Zo-e-shield 5

Plus Room Side Low-E

- Combination of two Low-E coatings
- Significantly improved energy efficiency
- Complies with northern Energy Star guidelines with interior Low-E i89 coating

Zo-e-shield 5 plus Laminated Interior

- Superior sound control and UV protection
- Resistance to natural and man-made threats
- Multiple layers of Low-E coating for energy efficiency

Enduring Quality...We Guarantee It

We believe the Signature Series products are the best in the industry, and to prove it, Weather Shield has written one of the most comprehensive warranties in the business. With a full 20 years on the entire product, the Signature Series will look beautiful and perform as expected long into the future. Additionally, the warranty is transferable, helping maintain the value of your home and property.

Wood Shield[™] 30-Year Warranty

Wood components used in the production of our windows and doors are treated with an advanced process called Wood Shield[™] that prevents any rot and decay. This warranty coverage includes all wood species offered, with 30-year coverage on vinyl clad wood windows.
