

STORM DOORS

home

[we make front doors better]

www.LARSONdoors.com

Storm Doors for Every Home

LARSON® storm doors are available in styles and ventilating options to complement your home. Choose from Screen Away® retractable screens that disappear when not in use or convenient built-in screen options.

Consider Low-E

Select storm doors can be upgraded to Low-E glass. Factory-coated Low-E glass minimizes the amount of UV rays that pass through to help reduce fading. Plus, Low-E delivers exceptional energy efficiency and can increase the insulating value of an entry by 24% compared to clear glass.*

The Low-E Advantage

Helps keep rooms warmer in the winter by minimizing heat loss.

Helps keep rooms cooler in the summer by reflecting the sun's heat.

U.S. Department of Energy recommends Low-E to improve energy efficiency.

Our doors protect what matters, creating that great space where your family feels safe, comfortable and protected.

Protection

Storm doors help protect your entry door and provide an additional layer of security between your home and unwelcome guests.

Installation

LARSON storm doors are available with two installation methods that require no cutting.

- EasyHang® includes one-step hanging with pre-drilled placement holes and adjustable height for an exact fit.
- The Platinum Collection is pre-assembled for easy installation. Out of box and on your home in minutes.

Learn more

Visit us at larsondoors.com for a comprehensive list of products available to make your home more comfortable.

Platinum Collection

Stylish protection for your home.

The modern design of the Platinum series is both innovative and attractive. The Platinum Collection offers a one-of-a-kind blend of technology and luxury with added security features and improved operation including a multi-point locking system and a built-in hidden closer. Backed by a Limited Lifetime warranty.

Measuring Storm Doors

Easy Measuring

One great feature of LARSON® storm doors is that they can be easily installed by homeowners, saving you money on professional installation. Use the diagram below to record your measurements as shown. If the width measurements vary, use the smallest measurement.

Remember, LARSON offers custom sizes to fit a wide range of openings.

A	WIDTH
B	WIDTH
C	WIDTH
D	HEIGHT

Door Sizes	Min-Max Doorway Width	Min-Max Doorway Height
30" x 81"	29 7/8" to 30 3/8"	80" to 81"
32" x 81"	31 7/8" to 32 3/8"	
34" x 81"	33 7/8" to 34 3/8"	
36" x 81"	35 7/8" to 36 3/8"	

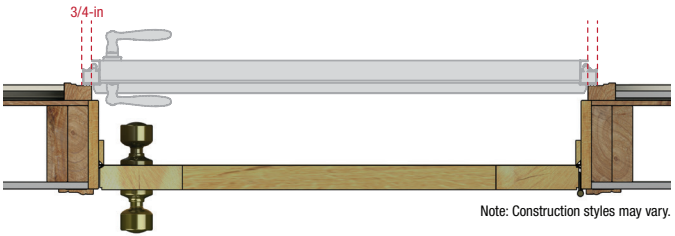

Size availability varies by model.
Custom sizes available in select models.

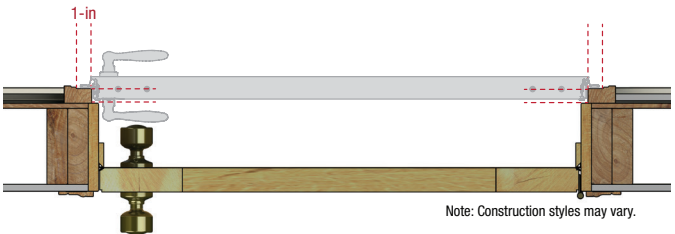

Surface Mount (Platinum Collection only)

- Rails mount directly to the face of the exterior brickmold.
- Requires a 3/4" wide mounting surface.

Recess Mount

- Rails mount inside the opening.
- Requires a 1" wide by 1" deep mounting surface.
