OWNER/DESIGNER TESTIMONIAL

“Having remote, keyless access for guests was essential for our vacation property, but we were unwilling to compromise the design-driven nature of our project. The EMPowered™ Smart Lock was ideal for this, as we were able to pair it with a stylish EMTEK entry set.”

- Carlos Naude, Working Holiday Studio

Move Over Keys! Say Hello to the Fingerprint Lock

Meet our newest door lock: the EMTEK EMPowered™ 2. Our locks are now even smarter and more convenient with biometric capabilities built-in. It's time for your key to become nothing more than a back-up.

NEW FEATURE

Your fingerprint. The key you'll never lose.

Locking & unlocking your door is now even more convenient using just your fingerprint.

99% Fingerprint Accuracy

<0.5 sec Recognition Time

With a 99% accuracy and <0.5 seconds recognition time, your fingerprint is the fastest and most secure way to unlock your home.

Works with the Yale Access App*

The easy-to-use Yale Access App offers trusted everyday convenience and security for your entire home.

- Share permanent, scheduled or temporary access with the people you trust.
- Manage all of your EMTEK, Yale, or August Wi-Fi and Bluetooth products from one app location.

Features available with Wi-Fi module:

- View a 24/7 activity feed and receive real-time notifications, so you know who had access and when.
- Know that your home and belongings are secured from anywhere.

Wi-Fi module allows your lock to communicate with the Yale Access app*

*App requires iOS or Android smartphones for installation, guest management and remote access. For use in US and Canada only.

Key-Free

Keyed

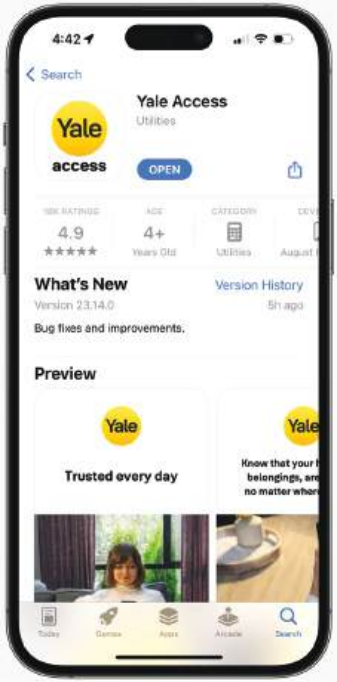
Smart Lock Upgrade

Backlit Keypad
Capacitive touchscreen keypad wakes with a touch and has numbers that won't wear off.

Weather Protection
Rubber gasket increases protection against outdoor environments.

Motorized Operation
Quiet motor with tapered deadbolt that accommodates for misaligned doors.

Smart Lock Upgrade
Seamlessly upgrade any EMTEK brass tubular entry set, sideplate, or deadbolt into a smart-enabled lock.



*App requires iOS or Android smartphones for installation, guest management and remote access. For use in US and Canada only.

Yale access

Peace of mind is only a tap away. Enjoy convenient key-free access, share virtual keys with those you trust, know your home and belongings are safe, and more – from anywhere, from your smartphone.

Yale Access App* is available on

Download on the App Store

GET IT ON Google Play

Unlock your way
Key-free access with keypad, Yale Access app* on your smartphone, Auto-Unlock (optional) or with a simple key.

Expecting company?
No more hidden keys. Send custom entry codes to your loved ones and service people.

Don't worry, it's locked
With Auto-Lock, you don't need to remember to lock the door.

Still the Smartest Lock Ever Now, with Even More to Offer

Keep all the features you love from the original EMPowered™, like auto-lock with DoorSense™ technology, shared guest access with custom entry codes, and more! Plus, get remote access from anywhere in the world when you upgrade to Wi-Fi.

AUTO-LOCK

Auto-Unlock

Auto-Unlock provides added convenience when you arrive home and relies on your phone's Bluetooth, Wi-Fi and GPS to know if you're home or away.

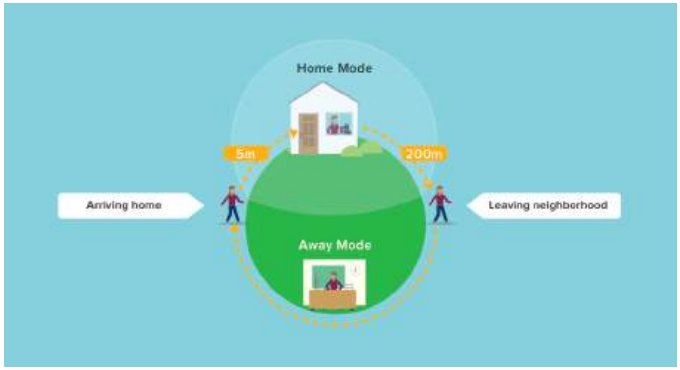
Yale Access uses two modes to enable Auto-Unlock to function: **Home Mode** and **Away Mode.** These modes indicate where Auto-Unlock thinks you are: at home or away from home.

When you are at home (in **Home Mode**), Auto-Unlock is not actively doing anything. It is waiting until you leave home.

When you approach your door, Auto-Unlock will unlock your door via Bluetooth. This means Auto-Unlock cannot operate your lock when you are away from home.

You are considered away from home when you leave your immediate neighborhood, which is about 200 meters, or a couple city blocks. It is only active when you return to your home area.

VIRTUAL KEYS



AUTO-UNLOCK

Lock & Unlock
Use the app to lock or unlock with your smart phone

Works with August Doorbells
Answer your door from anywhere with crisp, streaming video

Family & Guests
Share access to your home with the people you trust

Lock Settings
Customize your lock via the Yale Access app*

Activity Log
Monitor your door from anywhere, anytime

Voice Commands
"Hey Siri, lock my door" Use your voice with Amazon Alexa, Google Assistant & Siri

* For use in the US and Canada only.

EMPowered™ 2
Touch

The **EMPowered™ 2 Touch - Works with Yale Access app*** is a sleek and modern smart deadbolt that features a backlit touchscreen keypad so even when you don't have your phone, you can unlock your door by entering your 4-8 digit entry code on the keypad. Lock the door behind you by simply tapping the keypad.
